

## **Earning the Title of Bio-Metaphysical Therapist Through the Harmonyum Healing System Certification Course**

There are three levels of Harmonyum Certification. You may begin to treat clients for financial exchange after completing the requirements of the first level. After each class, you must complete a certain number of practice treatments.

Level I - 21 practice treatments

Level II - 15 practice treatments

Level III - 15 practice treatments

### **Practice Treatment Guidelines**

It is important that all students sign and adhere to the Code of Ethics and Practice form that was signed during the lecture course. On individuals of your choice, administer a complete Harmonyum treatment. These treatments should be done free of charge to the client. It is preferable that you give a series of seven treatments on the same client so that you may observe the person's progress. Each treatment within the series should be done at least one day apart. After each session, have the client sign and date the practice treatment sign in sheet. All three levels require the completion of the practice sessions done free of charge. The practice treatments for each level count only if they are done after you have completed the lecture training for that level. The practice treatments do not include the in class practice sessions.

When you have finished the practice treatments and essays, mail original copies to Universal Force Healing Center c/o Universal Force International Harmonyum Association. 7 West 24th Street, New York, NY 10010.

Please keep a copy for your records. After completion of the practice sessions, and full payment for the course, you will receive a certificate for the level/s you have completed.
